page is up! The song is up and playing "No Words Are Easy". I  
would like to see that the "silly" notion of "downsizing" Closed  
captioned T.V. programs is an "Unacceptable rule" of our "Human  
Rights" for our "Equal Accessibility!" I would like to see a swift  
change "immediatedly!" Do not downsize 200 Closed captioned T.V.  
Programs! Put them all back! Thank you, Tim Hickerson Deaf-Rocker
